

Product Guide

Z11

The Z11 is a feature-rich timekeeping solution that offers employers a wide variety of valuable labor management technologies.

The Z11 offers employers an affordable real-time timekeeping solution (Ethernet-enabled) that also offers the ability to use an employee proximity badge card for recording in/out punches.

Features

- Proximity card
- WebClock optional
- Ethernet punch transmission
- Wall mount option
- PIN Entry
- Instant feedback
- High durability

Solution

Can be integrated into environments where employees are currently using a “Mango” proximity badge to gain access to the building with the existing “Mango-based” proximity system and to clock IN/OUT.

Clock IN/OUT via
PIN or Prox Card

Mango Cards

The Z11 utilizes a specific proximity badge card format referred to as “Mango,” typically indicated by the Mango logo displayed on the card face.
